There has been rather a retrograde movement in all branches of business, and the depression is becoming more apparent each day, and this feeling seems to be becoming prevalent throughout the country. Money is in very limited demand for legitimate business purposes, while there is no speculative enquiry. The banks are in a condition to meet all demands, and good paper is negotiated without difficulty. In Baltimore there is scarcely any desirable commercial paper offering at the banks, and as a consequence loans are negotiated on easy terms if the security is acceptable. In New York money is abundant, the quotations being 5a6 per ct. Gold rates were a little easier in New York yesterday. Government bonds are quoted dull and without much change. Greenbacks are now valued at 97.44 100 In State securities there have been some speculative transactions. THE ALLEGED SUICIDE -The Washington correspondent of the Baltimore Sun says that there are a number of flying rumors touching the drowning of the Mr. Peters who leaped from the steamer Lady of the Lake a few days. ago near Giesboro'. A soldier is said to have seen a man with his clothing all wet pass near the arsenal shortly after Peters leaped overboard. A negro man is mentioned at whose house he dried his clothing about noon, &c. Both the soldier and the negro are myths, but as the body has not been found there is still a persistency in the talk which declares that there was no drewning, and that the man who leaped overboard from the Lady of the Lake did not design suicide, but to lead astray all clues respecing bim, and that he is somewhere safe ashore. On the other hand there has been a constant effort made by various parties familiar with the river to find the body, upon which rumor says that there is \$6,000 in gold. There seems to be no doubt of the reality of the sui cide, but the theory that the body if found has been stripped, loaded and sunk again in a locality further down the river lacks confirmation.

BOLD ROBBERY .- Two Alexandria ladies went to Washington yesterday, and, after visiting the Coreoran Art Gallery, started for the Louise Home, where they had some friends living. Being unacquainted with the proper way to reach the Home, they got a colored boy, apparently about fourteen years of age, to show them. After they had proceeded some distance, the boy stopped, and said that he did not have time to go any further, but that "those boys over there" would show the ladies the rest of the way. The ladies looked in vain for the boys over there," and, while they were strainng their eyes in the direction indicated, the young rascal snatched a pocket book, containng a small amount of money, from one of them and ran off. The ladies followed him for two squares, cailing for the police, but none appeared, and as that portion of the city is but thinly settled, the thief made his escape.

A man, accused of stealing ten dollars from the person of James Dunean, a stranger, was bailed for his appearance to morrow, by the same justice. Walter Redman, colored, was sent to jail

GRAIN BURNED. - A fire occurred on the farm of Mr. Geo. Y. Worthington, formerly of this city, near Catlett's Station, in Fauquier county, on Wednesday, which destroyed his threshing machine and two stacks containing about one hundred and fifty bushels of wheat. Several other stacks, containing in the aggregate about sixteen hundred bushels, were in great danger, but were saved by the exertions of Mr. Worthington's son and the farm laborers. The grain which was destroyed was fully insured in the Virginia Home Insurance Company, of which S. II. Januey & Son are the Alexandria agents. The thresher, valued at \$250, was not insured. The fire was caused by out. the friction of two parts of the machine.

GREAT FALLS MANUFACTURING CO.-A meeting of the Great Falls Manufacturing Company of Virginia and Maryland was held to-day at the Mansion House, to take into consideration propositions looking to the improvement of the property and the concentration of manufacturing interests at the Great Falls of the Potomse. Two communications upon the matter were laid before the Company, one from an American and one from an English source. No decision, however, was made, though it is hoped by the company that deficite arrangements looking to the establishment of manufacturing interests as the Great Falls will shortly be consummated.

THE CANAL.-The Cumberland News of resterday says:-"Telegrams received in this ity yesterday announced that the water had been let into the tunnel level of the capal, and it would be ready for the passage of all boats to day. This is gratifying intelligence, as it was feared by many that the navigation was virtually suspended for the season. Thirteen boats, carrying 1,436 tens of coal, cleared from this port yesterday."

A dispatch received here says that loaded boats have passed the place where the land slide occurred, bound for this pert, and that boats have arrived at Cumberland.

M. E. Church.-The service on Wednesday night was conducted by the Rev. W. C. Webb who preached an caracst sermon from Haggai "This people say, the time is not come, the time when the Lord's house should be built." Last night hev. W. R. Graham of the Methodist Protestant Gurch preached from John xii. 32, "And I, if I be lifted up, will draw all men unto me." These services will be continued to night when the sermon will be preached by Rev. Dr. Ames, of Washington. Dr. Ames occupies a foremost position among the ministers of Washington, and is paster of Me-Kendree Church.

DANGEROUS NUISANCES,-The numerous piles of dirt, refuse, &c., which are allowed to and will likely to prove a total loss.
